when you have so much fun sitting around the office taking LSD all day on the tax payer dime as part of your mind-control experiments that you spread the joy by paying prostitutes to take it, forcing prisoners to take it for hundreds of days in a row, forcing gay people to become addicted to morphine which you now smuggle in from afganistan and threatening them with withdrawl if they don't also take LSD, giving it to mental institution patients with minor anxiety or depression problems and putting them into comas for months while you play brainwashing audiotapes to them until they're completely insane, setting up fake brothels and dosing the clients as you're watching and recording them have sex from behind one way mirrors, torturing U.S. military personel to death by injecting them with it during interogations, slipping it into your own operatives coffee until they're running through Washington DC screaming about monsters chasing them and when one of your bioweapons researchers you drugged without his consent resigns and says he can't stand working with defected Nazi war criminals and releasing biological weapons into the new york subway system you throw him out of a thirteenth story window and make it look like a suicide and when his family has a medical examiner prove it you say sorry but only for giving him the LSD not the murdering him part and give them 750K hush money which you can afford from all the coke you're importing from the mexican drug cartels that you're probably taking too

What they have done and are doing to Native Americans might also be added to the list and as the continuing genocide of the indigenous peoples is the foundation of endemic "American" racism and exceptionalism.

RE 2013-2014 West Finance Assistant End of Cycle Memo

OVERVIEW

The Finance Department at the DCCC is one of the larger departments in the organization. The 2013-2014 West team consisted of a Director, a Deputy Director and a Finance Assistant, as well as two off-site consultants based in California: San Francisco and Los Angeles. The West team is tasked with raising high-dollar contributions from the western region states, which for this cycle included California, Colorado, Arizona, New Mexico, Oregon, Utah, Nevada, Idaho, Wyoming and Montana.

The Finance Assistant's main responsibility is to assist the Director and Deputy Director in the day-to-day operations and implementation of the finance plan. The responsibilities are primarily linked to 1) daily administrative and organizational support (e.g. processing contributions, database management and donor maintenance) and 2) development and execution of all fundraising events in the West region.

The West region raises money for a few different recipients:

1. DCCC
2. DCCC Reconnect Fund
3. Nancy Pelosi for Congress (NP4C)
4. PAC to the Future (PTF) - Leader Pelosi's PAC
5. Nancy Pelosi Victory Fund (NPVF) - which includes DCCC, NP4C and PTF - this is usually just raised for Leader Pelosi's annual event in April at the home of Ann & Gordon Getty in San Francisco

Something to note about the Finance Department is that we function as one big team. You will notice that during certain times of the month, different regions are busier than others. If team South (or team Midwest, Northeast, Mid-Atlantic, etc.) has a Texas swing coming up in a week or an even with POTUS, and team West is simply prepping for events that are 6 weeks away, you will be expected to help team South with whatever they may need. When team West has back-to-back POTUS events (which has happened) and/or several events happening in close succession, you CAN and SHOULD ask for help from regions that are not busy with time-sensitive responsibilities. Do this so that you meet deadlines ahead of schedule. Additionally, if you need assistance with procedures of any kind, don't hesitate to ask for help from any finance staff member (especially those who were around the previous cycle). They will all be more than happy to help you.

Congress of the United States
Washington, DC 20515

July 8, 2011

The Honorable Hillary Rodham Clinton
Secretary of State
U.S. Department of State
2201 C Street, N.W.
Washington, DC 20520

Dear Madam Secretary:

We are writing to express our concern about information our offices have received regarding potential efforts by Iran to engage in nuclear cooperation with Argentina, using Venezuela as its interlocutor.

With Hugo Chavez as its broker, the Iranian regime has significantly expanded its reach throughout Latin America and the Caribbean in recent years. Utilizing its presence in the hemisphere, Iran—a designated state-sponsor of terrorism—has worked vigorously to strengthen regional support for its nuclear ambitions, and other destructive policies.

While it is our understanding that Argentina publicly maintains objections to Iran's nuclear program, a position established in the wake of the 1992 attack on the Israeli Embassy and 1994 attack on the AMIA Jewish Community Center in Buenos Aires, there are reports that in 2007 Mahmoud Ahmadinejad allegedly asked Hugo Chavez to intercede with President Nestor Kirchner to change Argentine policy to allow Iran access to Argentine technology.

Further, it is our understanding that the State Department has been provided information regarding these reports and a burgeoning growing commercial relationship between Argentina and Iran through Venezuela.

In light of Iran's relentless efforts to develop its nuclear capabilities, we would like to request information, within all applicable rules and guidelines, regarding Argentina's current policy toward Iran and its nuclear program, the status of any possible economic projects Argentina may be engaged in with Venezuela that may involve Iran, including any possible transfers of funds between these three countries, and the extent of any nuclear cooperation that may be at play between Argentina, Venezuela, and Iran to date.

Thank you in advance for your assistance with this matter.

Sincerely,

ILEANA ROS-LEHTENEN

UTAH NUMBER 1 IN ONLINE PORN SUBSCRIPTIONS

<http://www.foxnews.com/article/705289350/Utah-No-1-in-online-porn-subscriptions-report-says> <https://archive.is/1T70p>

The time has come where we honestly take a sense of self reflection. I know a lot of you, a very large amount, still watch porn. Most of you think that you personally don't matter in the grand scheme of things, that your habits won't change your outlook on life or women or any of that. I'm sure even a large amount of you watch very degenerate things such as sodomy or homosexual films, or even "solo films" which are supposed to 'not be degenerate because they appreciate the white female body'.

Supporting ANY industry that destroys both sexual morality and sets a precedent for objectifying women should be rejected. These women could be mothers, teachers, engineers, biologists, architects among various other jobs. Instead they waste the thousands of dollars taxpayers spent on them for education to exploit their natural advantage in the world for money.

Stop watching porn.

Not tomorrow. Not "just after this". Don't decrease your porn. Don't say "I'll read erotic fiction". Don't "Fap to images instead". Don't support "Non degenerate porn". There's no such thing. Stop watching it. When you feel horny, masturbate, no fap is retarded, but do not do it to porn. You'll feel horny 2, 3, 4 times a day at first. After about 2 weeks you won't have it anymore. That urge to open a new tab in your browser. Don't resist your natural biological urges to reproduce. Resist the Jewish industry that employs children, targets children and degrades women in the name of capitalism.

Remember that Porn is allowed in the US because it helps us be controlled. When Israel first started stepping further into Palestine, they took over the television stations and forced it to only air pornography. They did this as a form of demoralization against the heavily anti-porn arabs.

"Yes, we shall let them to work, but in their leisure hours we shall make their life like a child's game, with children's songs and innocent dance. Oh, we shall allow them even sin, they are weak and helpless, and they will love us like children because we allow them to sin. We shall tell them that every sin will be expiated, if it is done with our permission, that we allow them to sin because we love them, and the punishment for these sins we take upon ourselves. And we shall take it upon ourselves, and they will adore us as their saviours who have taken on themselves their sins before God. And they will have no secrets from us."

-Fyodor Dostoevsky
